Introducing Montgomery County Green Bank

with

Thomas Deyo, CEO, Montgomery County Green Bank

www.mcGreenBank.org

Designated as Montgomery County's Green Bank in August 2016, the Montgomery County Green Bank is a publicly-chartered, 501(c)3 nonprofit dedicated to accelerating affordable clean energy and energy efficiency investment. Partnering with the private sector to build a more inclusive, prosperous, sustainable, and healthy community in support of the county's goal to reduce its greenhouse gas emissions.

As the nation's first local-level green bank, MCGB will use public and private funds to drive investment in the Montgomery County clean energy market. MCGB's capitalization is presently about \$3 million, and anticipated to double in 2018 and grow steadily. The first product – the Commercial Loan for Energy Efficiency and Renewables (CLEER), will be launching in mid-March.
